

If any unit or individual scout is looking for a worthwhile community service project that isn't terribly large there is a rehabilitation stable that could really use some help clearing an area of some brush. The area is probably only a half to three quarters of an acre of light brush that needs to be cleared to enlarge the rehabilitation area and pasture space for the horses.

The contact at the ranch is Catherine Mesaric. Her email address is;

They do a great deal of good work in the community for disabled children and individuals who are in need of emotional support. I know these people personally and know of the good work they do on a daily basis.

Thank You for doing this.
